## Your Challenge

- ▶ Unreliable sea freight schedules and port congestions
- ▶ Unexpected costs: port storage, demurrage and detention
- ▶ Insufficient capacity on inland connections
- ▶ Port omissions, capacity management by shipping lines

## Our Solution

- ▶ Connecting all major rail terminals in China and Europe
- ▶ FCL: 40'HC, space protection for regular customers
- ▶ LCL: fixed weekly schedule China-Europe-China
- ▶ Door-to-door service from pickup to delivery
- ▶ Fiscal and customs clearance services
- ▶ 24/7 tracking, including light sensor

## Your Benefits

- ✓ Faster than sea freight
- ✓ More cost-efficient than air freight
- ✓ Dedicated experts on the Iron Silk Road
- ✓ CY/CY Transit time China to Europe: 16-18 days\*
- ✓ CY/CY Transit time Europe to China: 18-24 days\*

\* Container yard to container yard. Transit times are subject to seasonal changes – please refer to individual quotations.
